FOREWORD

President's Message

Colleges differ from factories, but the public tends to evaluate them in much the same way. Both are rated according to the quality of the product they put out. The quality of at least some of the graduates is known by the yearbook they edit. We congratulate the INDIANHEAD Staff of 1949 on the good showing they have made in this year's annual. They have maintained the usual high standards and we are grateful.

DEDICATION

DR. RALPH DILLINGHAM WELLONS

We, the senior class of the year nineteen hundred and forty-nine, when searching for an individual to whom to dedicate this yearbook, unanimously decided that this honor should go to our beloved president, Dr. Ralph Dillingham Wellons, who has been our guide and counselor for these many years.

To you, Dr. Wellons, we owe a debt of gratitude for your unswerving loyalty to all that is good in college life. To you we owe a grateful thanks for the progress that our college has made during the past seven years and even more, we owe you a debt of gratitude for that growth that promises to come in the future. We leave these halls with deep regret that we will not be here to enjoy these improvements but we trust that we may look ahead with anticipation, as well as look backward with pride, to greater accomplishment under your guiding hand.

SENIOR CLASS HISTORY

It was in September of 1945 that the first class, containing many returned veterans of World War II, entered Pembroke State College. For some reason there developed an atmosphere of intellectual curiosity that has never been equalled.

Many members of this class were heroes and heroines in baseball and basketball during the freshman year and the years that followed. As is true of all freshmen, they suffered many indignities, but by the end of the year all greenness and freshness had worn off, and they joyously entered the hallowed halls as sophomores.

As sophomores, athletic competition was continued and much social activity entered the picture. Active participation in other college activities was common during the second year.

With the Junior year came many changes in personnel. Dramatics were added to the interests of the members of the class. Thus came the play, "The Campbells Are Coming" and Magenta Johnston captivated the audience with her excellent acting. An occasional party was held during the year. The high light of the year was the Junior-Senior banquet and reception. The largest and, many say, the best banquet yet.

At last the senior year and the long anticipated climax of our college careers. With all its dignity and importance, there have been lighter moments when some underclassman has trampled the dignity of a senior and suffered the wrath of the overlords. Many meetings about rings, programs and all activities that enter into commencement time, have occupied our time. Practice Teaching, with all its trials and tribulations has been weathered by most members of our class.

It is with pride that we, the largest class yet, pass on the heritage of our college. Good luck, Underclassmen. Onward and Upward.

STUDENT COUNCIL

Student Government at Pembroke State College is a comparatively new innovation, having had its beginnings in late 1948 and coming to full fruition during the present year. The student council has taken many of the responsibilities that were formerly carried by the faculty. This council is responsible for much routine organizational work and for the promotion of many phases of student activities. Its success in the early months of its life augur well for its continued success and growth. It is said that we grow with added responsibilities and the members of our student council certainly attest to the truth of this statement.

ALPHA PSI OMEGA

The Iota Alpha Cast of Alpha Psi Omega, Honorary Dramatic Fraternity, was organized to stimulate interest in dramatic activities at Pembroke State College and to secure for each member all the advantages and mutual helpfulness provided by a large national honorary fraternity, and by electing students to membership, to serve as a reward for their worthy effort in participating in the plays staged by the dramatic organization of the college.

The motto "Seek a Life Useful" means that not only members strive to be artists, but they endeavor to be worthy artists seeking the highest goal of any artist service.

The Dramatic Club presents two three and many one-act plays during the year. Two of this year's productions were "Plain Sister," and "The Old Home Place."

WESLEY FOUNDATION

The Wesley Foundation is a religious organization of Methodist Students and those of other denominations who wish to join. The W.F. strives to help each individual meet his spiritual, moral and social needs, and aids each one in solving his problems. It also assists any member in preparing for leadership in his home community. It is a part of the Methodist Student Movement in the State, the Nation and the World.

This year the joint groups have sponsored the pre-school retreat, vespers, clothing for Europe, and a quarterly chapel service. The W.F. plans to help support the Methodist student fund, a college abroad, and the World Student Service Fund, and to present programs in several churches that are represented in the organization.

PONTIAC

The purpose of the two literary societies is to develop resourcefulness, precision, logical and constructive thinking, and tolerance.

Their meetings each month afford opportunities for training in debate, public speaking, dramatics, creative writing and in parliamentary procedure.

Members of the Emeritan and Pontiac societies are noted for their leadership and participation in all other college activities.

THE P. S. C. NEWS

With the coming of the school year 1947-48, the *P.S.C. News* became an official part of the college life at P.S.C. All students look forward, with anticipation, to the publication of their own publication, which contains much that is highly educational, along with the lighter side of college life. The *News* gives students in English and Journalism practical work in connection with their theoretical courses. From our staff will come the writers of news, for our schools and communities, as they go out into the workaday world.

THE COLLEGE LIBRARY

The Pembroke State College Library now has a total of over 16,000 volumes. Of these 180 are bound magazines, such as: *Atlantic Monthly*, *Current History*, *Etude*, *Grade Teacher*, *Harper's Magazine*, *Journal of Home Economics*, *Life*, *Magazine Digest*, *Musical America*, *National Geographic*, *Parent's Magazine*, *Reader's Digest*, *Science Digest*, *State Magazine* and *Time*, which make very valuable reference material for recent events. It receives around 135 weekly or monthly magazines and seven daily or weekly newspapers.

Since the stack rooms and reading room are so crowded, the students and faculty are eagerly awaiting the completion of the new library quarters.

The library staff consists of Miss Carrie Lee Jacobs, Assistant Librarian and Secretary; and three Student Assistants: Mrs. Jessie Lee Locklear and Miss Lillian Tene Locklear, class of 1949; and Miss Joyce Jacobs, class of 1952; in addition to the librarian, Miss Marjorie Kanable.

FOOTBALL SQUAD

The schedule of the P.S.C. Braves included 10 games, the largest number of games ever to be played by the Brave team. Although we won only four games, considering the number of freshmen on the squad, we are proud of the type of ball the boys played.

No group of boys ever worked any harder and were more willing to learn than this group of boys; for that we are proud and are looking forward to 1949 for bigger and better things from the football players at P.S.C.

THE STARTING LINE-UP

BASKETBALL

The 1948-49 basketball squad at Pembroke State College is one of the best, if not the best team, ever to assemble at this school. The 1948-49 schedule lists a total of 32 games and 22 wins. They defeated such strong teams as Edwards Military Institute, Campbell College Jr., Atlantic Christian College Freshmen, and 504 of Fort Bragg.

SENIORS: Ronald H. Lowry, James H. Dial, Horace Howington.

The only seniors on the team are Horace Howington, James H. Dial and Ronald Lowry. These seniors will be greatly missed next season because they have played such great ball for Pembroke State College.

With the experience of some new players we shall look forward to another season. So here's to a swell group of boys.

Kneeling: Hoover H. Lloyd, Harlie Carter, Walter Locklear, Ray Elk, Newman Oxendine, James H. Dial.

Standing: Lindberg Martin (Manager), Cleveland Locklear, Delton R. Locklear, Leslie Locklear, Ronald Lowry, Marvin Lowry, Farce Oxendine, Horace Howington, Coach James T. Sampson.

SCENES FROM OUR FAVORITE SPORT

Basketball draws larger crowds and has more spectator interest than any of the other sports that our college participates in.

Kneeling: Pattie Oxendine, Magdalene Chavis, Sallie Dale Locklear, Mertice Jacobs, A'lelaide Locklear, Lucy B. Oxendine, Doris Hammonds, Debra Jacobs, Maitland Hunt, Doris Blanks, Lorraine Burnett, Elizabeth Berry. *Standing:* Moland Strickland (Assistant Coach), Treaver Lee Stewart, Estelle Sampson, Joyce Jacobs, Gloria Jones, Vancie Cummings, Sara Catherine Locklear, Annie Ruth Jacobs, Maitland Dimery, Ruth Strickland, Frances Stewart, Arlie Mae Emanuel, Doris Jones, Effie Jane Locklear, Agnes Hunt, Ruth Locklear, Carolyn Sampson, Coach James T. Sampson.

GIRLS BASKETBALL

This year's basketball team was the best that our college has produced, winning all but one of the games played. Only three seniors are graduating from the girls' team and they will be missed when next basketball season rolls around. Elizabeth will be missed, as she is one of the best forwards who has come through our college. She has been accurate on both long and short shots.

Lorraine is another forward who will be missed next year and Debra will be missed at guard, as her height gave her an advantage over any but the tallest of opponents.

CHEERLEADERS

Joyce Jacobs, Doris Jones, Adelaide Locklear, Ray Chavis, Mertice Jacobs, Elizabeth Berry, Magenta Johnson.

SHUFFLEBOARD

Elizabeth Berry, Rencil Poe Locklear, Maitland Hunt, Archie Oxendine.

BASEBALL

BOYS' BASEBALL. *Seated:* Hardy H. Bell, Hoover Lloyd, Danzer Locklear, Ertle Ransom, Leon Oxendine, Clarence Locklear, Louis Oxendine. *Standing:* Lindberg Martin (Manager), Leslie Locklear, Moland Strickland, Delton Ray Locklear, James H. Dial, Marvin Lowry, Ronald Lowry, Vernon Locklear, Farce Oxendine, Newman Oxendine, Horace Howington, Coach, James T. Sampson.

Baseball should reach its peak this year. We have the best group of boys assembled that has ever come to P.S.C. We are looking forward to public support as it has been given in basketball. More games have been scheduled than has been the case in the past and we are looking to win most of them.

GIRLS' BASEBALL. *Seated:* Sallie Dale Locklear, Pattie Oxendine, Mertice Jacobs, Doris Blanks, Adelaide Locklear, Estelle Sampson, Lorraine Burnett, Elizabeth Berry, Doris Hammonds, Trevor Lee Stewart, Ruth Locklear, Carolyn Sampson. *Standing:* Effie Jane Locklear, Frances Stewart, Magdalene Chavis, Maitland Dimery, Doris Jones, Artie Mae Emanuel, Vanice Cummings, Lucy Belle Oxendine, Debra Jacobs, Annie Ruth Jacobs, Sara Catherine Locklear.

As there is very little intercollegiate girls' baseball, most of the girls' games will be played against neighboring high schools and independent teams. We are looking forward to the best team yet.

GYMNASIUM

The Gymnasium is among the most used buildings on our campus. There are rooms for classes, storage and for minor sports, as well as a large court for basketball, tennis and volley ball. During the season from November 15 to April 1, it is in almost constant use. There are about 15 college basketball games each season with approximately 75 high school games on this court. Each year, a county high school basketball tournament and an elementary school basketball tournament are held.

SCIENCE

The Science Department of P.S.C. has grown to where it requires the services of two full time faculty members and we are looking forward to a much expanded program, when the new facilities are available in the fall of 1949. A modern, well equipped science building is promised for the fall of the next college year, and at this writing the foundation and floors are in and the walls are going up.

ART

We are proud of our Fine and Industrial Arts department and the products that they have turned out have won in international competition. As we look to the future, we are proud of the fact that the department will get new and expanded quarters in the next year or two. Art, as a medium of expression is emphasized, as well as art as a profession.

HOME ECONOMICS

The home economics department is taking on a new look, since moving to a new location. New equipment, in the form of a new dining room suite, modern electric sewing machine, electric mixer, and a modern type electric iron has been secured. More emphasis is being given to dress designing and tailoring, with the addition of the newer equipment. A style show is held each year, where students in the clothing classes exhibit the results of their year's work.

We are looking forward to larger and more modern quarters in the near future and to a much expanded program in this area of college work.

TRADE SCHOOL

In the fall of 1949, Pembroke State College, undertook the sponsorship of trade courses in the building trades, in conjunction with the Veterans Administration. These courses are six months in duration and those who complete the work satisfactorily are granted certificates of proficiency.

Yes, Reddy Kilowatt is a mighty man

One Kilowatt of electricity is equal to one and one-third horsepower — but what is more important is what it can do for you. Electrical cooking, refrigeration, lighting, washing, ironing, and all the other tasks electricity does in your home take very little horsepower . . . but they are mighty valuable to the comfort and convenience of your everyday life.

Use your electricity to the fullest extent . . . enjoy things electricity does for you.

OUR TEACHERS MOLD

OUR NATION'S FUTURE

YES, teachers are vitally important to you, and to every good citizen—yet today, as you well know, there are far from enough fully *qualified* teachers in our schools. What can *you* do to help solve the serious school-teacher shortage?

YOU CAN DO THIS!

First: Check up on educational conditions in your local schools. **Second:** Work with civic groups and school boards seeking to improve teachers' working and living conditions. The joint effort of forward-looking citizens can and must save this situation—for the sake of our children and our country.
